Winiarnia Zamojska

A Light Variety

Winiarnia Zamojska

The warm climate of Roztocze region, perfect rolling hills, and loess soils make an ideal environment for growing grapes and other fruits. Winiarnia Zamojska tapped into this horn of plenty, utilising the best traditions of Polish viticulture. The results are noble varieties of Polish wines, rich in fruity notes and surprisingly fresh.

OUR REGION: SUNNY ROZTOCZE

- Roztocze is one of the cleanest regions of Poland, benefiting from the highest number of sunlight hours in the entire country.
- Roztocze has long viticultural traditions, hailing back to the Middle Ages, when the first vineyards were located here to provide resources for inventive local vintners. Today, the Roztocze Vineyard Trail consists of several dozen vineyards scattered along the 200 km long route.
- Roztocze is one of the leading fruit-growing regions in Europe. Poland is the second-biggest producer of currants in the world.
- Roztocze and the Lublin Region is a leading producer of soft fruits in Poland, with the former providing 46% of the country production of currants, 40% of gooseberries, and 78% of raspberries.
- But, ultimately, it is not the quantity but the quality that makes Roztocze a real fruit kingdom.

Winiarnia Zamojska

The collection of light wines from Winiarnia Zamojska is a small-batch boutique production. A selection of the best fruits results in wines of exquisitely intensive taste.

LIGHT GOOSEBERRY

Style: white
Type: semi-sweet
ABV: 6%
Serving temperature:
chilled to 8°C

Light Gooseberry will surprise you with a combination of an intense aroma and subtle bubbles. It is fresh, zesty, and slightly acidic, reminiscent of the taste of summer. This wine will undoubtedly please any subtle palate.
The taste of gooseberries resembles that of grapes. It also contains the highest amount of natural sugars from all Polish fruits! Light Gooseberry is perfect when enjoyed neat or with a few ice cubes, but is also great for pairing with delicate dishes.

LIGHT REDCURRANT

Style: rose
Type: semi-sweet
ABV: 6%
Serving temperature:
chilled to 8°C

Juicy redcurrant and skill of the vintner are the secrets behind the intense taste, sweetness, and freshness. The refreshing character of the fruits is emphasised by subtle bubbles. Wines made of red currants are easily clarified, and thus do not need to be additionally phosphorated.
A delicate, well-harmonised taste with a balanced acidity profile and perceptible redcurrant aroma, Light Redcurrant is perfect to be enjoyed on its own with a few ice cubes, as an aperitif before the main course.

LIGHT BLACKCURRANT

Style: red
Type: sweet
ABV: 6%
Serving temperature:
chilled to 8°C

Light Blackcurrant from Winiarnia Zamojska is an essence of summer. Using a traditional winemaking method, we were able to preserve the taste and freshness of the fruits. Juicy blackcurrant in combination with delicate bubbles emphasises the refreshing, balanced character of this wine. Thanks to natural anthocyanins present in the blackcurrant peel, wine made of this particular fruit can achieve an intense red colour, just like wines made of red grapes. It pairs wonderfully with lighter types of red meat, cold cuts, or delicate cheeses, but can also be enjoyed neat or with a few ice cubes.
